Beginning/Intermediate Junior Tennis Academy. This academy is a great option for the beginner or intermediate tennis player. No previous experience necessary. Our program allows younger players to participate in this very successful program, which focuses on putting a player on a good path to learning the basics of tennis, while using the U.S.P.T.A.'s Quick Start approach.

We infuse fun with learning the fundamentals of the game. Equipment appropriate to the level of the players are used along with creative games in a positive learning environment. This program allows young players to get hooked on tennis by introducing them to the game in a fun and innovative way.

Please bring a racquet (call for questions on sizes), sunglasses, hat, water, and proper white-soled shoes.
